

COME TO CAMP!

We are living in stressful times and the “Shelter in Place Guidelines” are still in place. The Campground will be opening on May 15th this year, with many restrictions in place. Areas that promote gatherings will be closed until further notice.

We live in a small community with a low rate of infection. There is concern in the community of a large number of visitors from areas with a higher infection rate, bringing the virus here. Just about all businesses in town are closed, so bring what you need and when you come to camp, stay at camp!

LET’S ALL DO OUR PART TO RETURN TO A NORMAL LIFE!

Rick & Sandy Deschenes
